Paralyzed. Mr. Robert C. Hamilton was stricken by paralysis Sunday morning, and remains in a serious condition. He has been ill for several days, but not seriously so, and the stroke came as a great surprise. He is totally paralyzed from the shoulders to his toes. Bob is a popular man, and his misfortune is regretted by everybody.

Pine Horses. Mr. W. B. Burton, of this city, sold three combined horses to J. B. McCreary, of North Carolina, for \$435. They were topky animals. Mr. Burton is gaining a wide reputation as a horse man, and his fair and honest dealing has won much praise from horse dealers all over the country.

On account of the bad weather last Saturday, parties who furnished the special garments for our Cloak and Fur opening have consented for us to keep them over this week, so we will have these special garments until next Monday. The Logan Dry Goods Co.

Gov. McCreary Coming. THE RECORD is informed that Gov. James B. McCreary will address the citizens of Garrard county, at the court house, next county court day, the 28th. The governor stands close to our people, and his many friends are delighted to have another opportunity of hearing him.

Returned to Lancaster. It is gratifying to the people to know that Rev. Leonidas Robinson has been returned as pastor of the Lancaster Methodist church, the conference so deciding at its meeting last week. Mr. Robinson has done much good in the town during his stay here, and it is very gratifying to know that he is to remain with us.

A Wise Selection. At the last meeting of the City Council, Judge Joe S. Robinson was elected to fill the vacancy caused by the resignation of Mr. John M. Higginbotham. The judge accepted the place, was sworn in and is now a full fledged city father. The Council could not have made a better selection, as Judge Robinson is a conservative, pushing business man, one that will look after the city's affairs with as much care as though they were his own personal matters.

Jolly Elks. The Richmond Elks announce a series of entertainments for this winter that will keep the old town at a white heat. In the first place, there will be initiations at every meeting this month. Then social sessions will be held Nov. 1, 15, 29, Dec. 13th and 27th. A minstrel show will be given Nov. 28th, Elks Vaudeville during Christmas week and a Comic Opera Feb. 22. The Richmond Elks are hustlers, every pill in the box being a warm one, and the fun ahead will have to be witnessed to tell exactly the extent to which it will be carried.

Medical Association. The quarterly meeting of the Central Kentucky Medical Association will be held in this city, at the Garrard Hotel, today, beginning at ten o'clock. Handsome invitations printed at THE RECORD office, were sent out and local physicians say a large number of the profession will be on hand. Papers are to be read by Drs. Carpenter, of Hustonville, Brown, of Stanford, Kinnaird, of Lancaster, Carpenter, of Stanford and Bailey, of Stanford. This association results in much benefit to the doctors, as they get together, exchange views, discuss certain subjects, and in many other ways accomplish good.

For City Dads. The following names have been filed at the clerk's office as a ticket for City Council, to be voted for next month: Mayor, Robt. Kinnaird. Wm. Herndon, J. S. Robinson, J. C. Hemphill, J. A. Beazley, J. C. Thompson, E. W. Morrow. These are all good men, and will give the affairs of the town careful attention. No other names have been filed. There are three names presented for Police Judge, Judge E. Brown, the present incumbent, Judge M. D. Hughes and Mr. Wm. Shugars. The election for these offices will be held in the regular voting places in Lancaster, but a separate ballot will be furnished the voter.

Open Session. The C. E. Society will hold an open session on Sunday evening at the Christian church. This day is observed by all Endeavor Societies and is called "Forefathers Day." The meeting will be conducted by the young people, assisted by the pastor, Rev. A. R. Moore, and everyone is cordially invited to attend. The following programme will be rendered: MUSIC.

Opening address by.....Chas. Colyer. Prayer.....MUSIC.

Address.....Willie Belle Burdette. MUSIC.

Address.....Evel West. MUSIC.

Address.....Mary Thompson. MUSIC.

Talk by Pastor.....MUSIC.

Benediction.....MUSIC.

Gov. Bradley Here. Gov. Bradley was at home Sunday but left Tuesday morning for New York, where he goes on professional business. He told THE RECORD he was succeeding in building up a practice in Louisville, and would in all probability remain there the balance of his days, but would always think and speak of Lancaster as "Home."

Asked his opinion of the proposed Burgin-Jellico extension of the Southern, he said: "Why, as a matter of course the road is going to be built. Every business man in Louisville is of the opinion that it will be built, and that too at an early date. They see what a big thing it will be for Louisville, and are very enthusiastic. It will prove a God-send to Garrard county, and I'm for it more for that reason than any other."

Robbers at Harrodsburg. Six men robbed the Harrodsburg post office Sunday morning and made an attempt to enter the Mercer bank, but police officers heard them and a battle, in which a hundred shots were exchanged, took place. The robbers made their escape.

Big Sale the 19th. The type made us say in last issue that the sale at J. B. Kemper's would occur on the 18th. It should have read Saturday, the 19th. He will sell a lot of good stock, implements, some hay and a number of other articles. At the same time and place F. B. Kemper will sell his farm located between Camp Dick Robinson and Danville. This sale will attract a large crowd. Sale begins at ten o'clock.

A Good Man Entertains. The editor received an invitation to attend the celebration of Mr. C. M. Rice's birthday at Danville last Friday evening, but business engagements prevented our accepting. This was a great disappointment to us, as a square meal means a great deal to a newspaper man. An elegant supper was served, the menu being superb. No man has more friends than Charley Rice, and no man more richly deserves the high position he holds with the people. That he may live to enjoy many happy returns, is our sincere wish.

Brakeman Shoots Negro. At Danville Sunday night, a negro, named Givens, was shot by Tom Morrissey, a Queen & Crescent brakeman. The negro had come to Cincinnati on the Sunday excursion, and, like most of those who travel on such, had loaded up on cheap whisky and wanted to take the train. Its safe to say that Morrissey was right in every particular. Railroad employees have a lot to contend with from the hoodlum element, and they ought to be given full police authority. This brakeman will now lose some time in attending court and be put to other annoyances for simply doing his duty and protecting other passengers from insult and annoyance. He should be given a pension, instead.

Content Friday Night. Much interest is being taken in the contest to be held between pupils of the different schools in the county, at the Opera House Friday night, the 25th. Ten schools are represented, each being a good speaker, and the outcome will be watched with great interest. A feature of the entertainment will be the music by the Lancaster orchestra, which organization has been engaged for the occasion. Reserved seats are on sale at Stormes' drug store, and a great many have been sold. If you want a good seat, have one reserved, or you may have to stand. Each school will send a large delegation to witness the battle. The prices have been fixed as follows: Reserved seats, 35 cts, general admission 25 cents.

Meeting Closes. After preaching twice a day for two weeks, Uncle Joe Hopper closed his meeting at the Presbyterian church Sunday night. The attendance was large during the entire time. Sixteen young souls were brought to Christ and the meeting was of great benefit to the older people, as Uncle Joe's talks were to the point and could not help but bring people to realize their condition in regard to church matters. Uncle Joe can make things so plain that the question is brought right down to a man in such a manner that he cannot help seeing the error of his way, and after listening to one of the grand old man's discourses, a person goes home thinking over matters that he seldom gives much thought in this busy, hustling world. His visit was greatly enjoyed by his old friends, and he made many new ones among the younger people. THE RECORD heartily joins in wishing Uncle Joe many more years of good health and happiness.

Attracting Much Attention. We have never been so gratified with results of an opening of goods as we have with our cloaks this fall. It is usual for the ladies to wait until the cold weather has set in, and probably until snow falls, before they look at cloaks, but as soon as we announced that our line was ready, the ladies came at once to look them over and make their selections. We devoted special attention to the selection of this line, and can safely say that our stock can not be excelled anywhere. We bought them right, and can, consequently, give you prices that can not be duplicated. As is well known to the public, we don't do business by "spurts," jumping in to set the world on fire one day and then sleeping for the next two weeks, but we can be found at the old stand every working day in the year with good, honest goods at prices that are as low as first class material and good workmanship can be sold for. We have all the new styles and colors in cloaks, and can please you in every way. Don't forget our line of up-to-date dry goods, dress goods, notions, etc. We can save you money on all of these. J. Joseph.

ANNOUNCEMENT.

TO THE CITIZENS OF GARRARD COUNTY:

At the practically unanimous demand of my own party and urgent solicitation of other friends, I have at last consented to become a candidate for the office of County Attorney on the Republican ticket.

I had not expected to again ask for the suffrage of my fellow-citizens, but in view of the great number of electors, regardless of their party affiliation, who have seen proper to insist on my nomination, I have, with some reluctance, consented to accede to their request.

In thus again asking the citizens of my county for their support for this, one of the most important offices in the gift of the people, I am not unmindful of the fact that it is an office fraught with the gravest responsibilities and duties, it having not only an important influence on the maintenance of peace and good order throughout the county, but is also perhaps, the most important factor in shaping and controlling the amount of taxes that your Fiscal Court finds it necessary to levy on your property each year to meet the current expenses of your county affairs.

And in this connection, I hope I may be pardoned for referring with some pride to my former administration of this important duty during the term I had the honor to occupy the office, and when, after my repeated assaults on all useless extravagance, and on certain most time honored leaks in your county treasury, the levy necessary to meet all the current expenses of your county, and then leave a handsome surplus in your treasury at the close of the year, was less than one-third, barely more than one-fourth, of the amount of each and every successive levy for county purposes made since my retirement from that position.

And since the late decision of the Court of Appeals that the Court of the city of Lancaster no longer has jurisdiction to try whisky cases, and with blind tigers not only flourishing throughout the county but, with their Government Licenses all over the corporate limits of Lancaster, actually boasting of their dispensing to your sons, each and every week, three barrels of whisky and over two thousand bottles of beer, with the county attorney being hereafter practically the only safeguard to prevent their extending their sphere, and running even wider open than now,—this office is of even greater importance than ever before to such of our parents as wish to protect their boys from this most vicious and destructive influence, and it well behooves them to make no mistake in selecting and deciding who shall hereafter say whether this condition of things shall continue to exist.

With a high conception of the duties of this office, with a higher conception of my obligation to my own and my neighbor's sons, having steadfastly during the twenty-two years of my law practice refused to defend the keeper of a blind tiger, nor in the thirty-nine years of my existence taken a drink of whisky, if honored again by your election to this high trust, I pledge you, that whatever of experience, ability or talent I may possess, shall be exerted to so administer its important duties as to not only encourage and promote peace and good order and a strict obedience to the law throughout the county, but also to prevent any and all illegitimate, improper and unnecessary drains and expenses on your county treasury.

Fearing that pressing business engagements, and the limited time left for my canvass may prevent my seeing each of you personally, I take this method of announcing my candidacy and assuring you that if my candidacy meets with your approval, I shall be very grateful for whatever assistance you may render toward promoting my election. Respectfully, Aug 19 11. W. MCC. JOHNSTON.

CENTRAL RECORD.

— An Independent, Local Newspaper. —
Issued Weekly.

LOUIS LANDRAM, Editor and Publisher.

Lancaster, Ky. Oct. 17th, 1901.

If Col. W. P. Walton, of the Harrodsburg Democrat, has as smooth sailing in other counties as he will have in Garrard, he will win the railroad commissionership in a walk. The democrats here appreciate the gallant fight he has made for the party at all times, and know that he has never failed to take his place on the firing line in every hard fought battle the party has engaged in. On the other hand, Col. Walton has made many friends among the republicans, who admire his "grit" and appreciate his work as an editor. As THE RECORD has said before, if he is not given the place it will be the basest piece of ingratitude upon the part of the democracy. But he is going to get there with both feet.

A FELLOW, who has been getting up statistics of the amount of whisky on hand in Kentucky, announces that there are only 17,000,000 gallons "in sight," and the chances for a whisky "famine" in the state are good. As the fellow is a prominent whisky man, he must know what he is talking about, but as long as the poor devil who drinks the damnable stuff has the price, it's safe to say there will be no "famine." Whisky will be made as long as people want to drink it, and the only way its use will ever be stopped is by convincing the unfortunate user the error of his way.

The Louisville papers announced in flaming headlines, during the athletic contests there last week, "Flanagan throws the hammer 170 feet and one-half inch and the Discus 119.6 feet." We don't know what that means, but we are forced to the conclusion that Flanagan must be a bird. After performing this wonderful feat, Flanagan will now don a ten dollar checked suit, wear high collars and spend his remaining days the admired of all admirers. Another good farm hand spoiled.

MANY special telegrams were sent from Danville to the dailies telling of the hard fight over the selection of "colors" for the school over there. The public waited in breathless suspense until the wires finally brought the glorious news that the matter had been settled, cream and crimson being selected. It is gratifying, indeed, to know that this all-important matter has been settled without bloodshed, and that the wheels of government can resume their grinding.

THE Somerset Journal has put in a splendid cylinder press, and comes out a six-column quarto. All the trouble with the old form was that it would not hold as much of Seph Campbell's good writings, and the readers are delighted at the idea of receiving larger installments of the choice matter that only Seph can turn out. Now spread yourself, brother, let us hear from you.

SPECIAL columns in country newspapers do very well for a while, but they soon grow as stale as a temperance lecture. There are exceptions to the rule, of course, and one of these exceptions is the "Prowler" in the Winchester Democrat. This column is kept up to the interesting point, and its seldom, indeed, that stale reading matter is found therein.

It is reported that a number of Louisville politicians forced an entrance to a voting place and stole some ballots, and the grand jury has returned an indictment for house-breaking. We cannot believe them guilty, for if Louisville politicians had gone to the place they would have taken house and all.

THE Carlisle Mercury says when a man has the fool idea about being lord of his own castle he gets mighty well knocked out of his head when the castle gets populated by two babies, a nurse, a bull pup and a litter of kittens.

CHAUNCEY DEPEW, the famous after-dinner speaker is to be married again. The gifted orator will now hold his tongue while the head of the house does the lecturing.

Kodol Dyspepsia Cure is not a mere stimulant to tried nature. It affords the stomach complete and absolute rest by digesting the food you eat. You don't have to diet but can enjoy all the good food you want. Kodol Dyspepsia Cure instantly relieves that distressed feeling after eating, giving you new life and vigor. F. P. Frisbie.

BRYANTSVILLE.

Master John Dunn sold a nice pony for \$85.

Mr. John Galihir had his dwelling burned on the 12th.

Regular services here at the Methodist church the third Sunday.

Rev. Jackson filled the pulpit at the Methodist church here Sunday evening.

Mrs. Dickerman fell and sprained her foot while returning from church Sunday night.

Born, to the wife of Mr. Owens, a girl. Also a little stranger came to the home of Mr. and Mrs. Marsell, at Bourne.

Mr. Jack Dunn and family and Mrs. Atha Dunn's family attended the reunion at Mrs. Nancy Dunn's in Danville last Thursday. Mrs. Nannie Ballard visited her sister, Mrs. J. X. Dunn last week. Mrs. Patton and daughter, Hester, are visiting in Cynthiana this week. Miss Lizzie Naylor, who has been visiting relatives here the past week, is now visiting her cousin, Emma Dunn in Burgin.

Sam Haselden visited his son, Sam in Lancaster Sunday. Miss Rovesta Turner and Miss Lucy Marsee, of Bourne, were the guests of Florence and Marie Dunn from Friday to Monday. Mr. and Mrs. Cheatham, Mr. and Mrs. Holcomb, spent Saturday and Sunday with Mr. and Mrs. Dismuke, of Buena Vista. Mr. S. S. Dickerman entertained Sunday in honor of Dr. George Jean, who has recently been appointed Assistant Surgeon in the U. S. Army. Those present were: Mr. and Mrs. Noel Jean, of Danville, Mr. and Mrs. Wm. Berkele, of Lancaster, Mr. Frank Folger and mother, of Nicholasville, Mr. Eugene Berkele and family, of Bryantville, and Mr. John Dunn and daughter.

The Christian Aid Society met last Wednesday with Mrs. Haselden and spent a very pleasant evening. The work they have on hand is progressing nicely, the few present resolved to work more for the society in the future and attend more regularly, and also a Thanksgiving try and get up a nice box for the widows and orphans home in Louisville. They also wish to take up a collection at the church and ask the gentlemen to contribute as much as 10 cents each for this purpose. They will again next Thursday meet with Mrs. Haselden and ask all the members that can to be present and bring something for the box.

STONE.

Coy Saunders, the boy merchant is improving again.

Dealy Scott, of Frankfort, visited Mrs. T. L. Saunders, this week.

James Littrell sold in Richmond, two nice work mules at \$150.

Kirby Teater sold to Col. James Parks one yoke of cattle at \$60.

Wheat sowing is in full blast now, and carting hemp seed and making Sorgum.

Loyd Saunders and C. M. Moberley bought of Dr. Amos some seed rye at 60c per bushel.

Mead Teter sold to Jas Parks some fat heifers at 3c, and he bought several head of fat cows at 2c.

Loyd Saunders sold some fat hogs at 5c, also bought one mule colt at \$20 and bought of Todd Simpson some fat shoats at \$4.25 per head.

A Typical South African Store.

O. R. Larson, of Bay Villa, Sundays River, Cape Colony, conducts a store typical of South Africa, at which can be purchased anything from the proverbial "needle to an anchor." This store is situated in a valley nine miles from the nearest railway station and about twenty five miles from the nearest town. Mr. Larson says: "I am favored with the custom of farmers within a radius of thirty miles, to many of whom I have supplied Chamberlain's remedies. All testify to their value in a household where a doctor's advice is almost out of the question. Within one mile of my store the population is perhaps sixty. Of these, within the past twelve months, no less than fourteen have been absolutely cured by Chamberlain's Cough Remedy. This must surely be a record." For sale by R. E. McRoberts, druggist.

What will eventually become of the tramp, if, as reported, his Satanical majesty finds work for idle hands to do?

Brain-Food Nonsense.

Another ridiculous food fad has been branded by the most competent authorities. They have dispelled the silly notion that one kind of food is needed for brain, another for muscles, and still another for brains. A correct diet will not only nourish a particular part of the body, but it will sustain every other part. Yet, how every good food may be its nutrient is destroyed by indigestion or dyspepsia. You must prepare for their appearance or prevent their coming by taking regular doses of Green's August Flower, the favorite medicine of the healthy millions. A few doses aids digestion, stimulates the liver to healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. G. Green's reliable remedies at Stormes' drug store. Get Green's Special Almanac. 6m

Get a free sample of Chamberlain's Stomach and Liver Tablets at McRoberts' drug store. They are easier to take and more pleasant in effect than pills. Then their use is not followed by constipation as is often the case with pills. Regular size, 25c. per box.

Call a man a donkey and he is apt to kick.

FARM & GARDEN.

Corn is 7c lower than at one time in August, but still brings a good, fair price, and will still continue to do so till next fall.

The Midway Clipper says the farmers of Woodford county are now engaged in cutting and housing one of the best tobacco crops they have had in years.

It is said that agricultural products now form 63.7 per cent of our total exports and in 1896 they formed 63.9 per cent. Manufacturers now form 29 per cent of our total exports, and in 1896 they formed 28.3 per cent.

The poultry business is not one for the man who has failed at everything else he has undertaken. Many of this class rush in only to add another failure to the list.

One thing definitely known concerning this year's corn crop is that there will be a great lot of partly filled ears of unmerchantable corn. This will be all right for feeding, but can not go to the elevator.

The Ohio Department of Agriculture reports the total estimated yield of wheat in that State the past season as 31,086,184 bushels, from 2,132,564 acres, an average of 14.57 bushels per acre. The prospect for corn is 65 per cent of an average crop; potatoes 42 per cent; apples 35 per cent.

Ply the whip frequently on the man who is already overworked, knock him down, and hammer him thoroughly with a club, no matter if he is doing his best, and don't let him rest. If his load is heavy let him run with it. That is the way some horses are treated.

Richmond Register:—Mat Cohen shipped last week to New York a car load of horses—twenty head. The entire lot has been sold at prices ranging from \$500 to \$1,000 each, and are said to be the best bunch that Mr Cohen has ever shipped East.

Few animals are being made ready for the beef market through the great corn districts, and there is bound to be a great shortage in beef cattle from January to July, 1902. It is reasonable to predict that this shortage will advance prices.

In the United States the poultry business figured up thusly: The earnings amounted to over \$300,000,000, which beats the business in swine by \$105,000,000, the business in wheat by \$52,000,000 and in cotton by \$30,000,000 or beats the value of the three products by \$113,000,000.

The annual seed distribution farce has been again set in motion by the awarding of the contract for the seeds of the \$170,000 appropriated for this purpose, \$20,000 is reserved "for the importation of rare and valuable seeds." The balance of the fund less the cost of distribution of the above, will be used to purchase common garden seeds, bulbs, etc., for promiscuous distribution.

Flemingsburg Democrat:—Some Bluegrass cattle feeders have been down the past week offering our farmers \$4 for their feeding cattle, but so far we have heard of very few sales at this figure and a good many of our farmers talk of feeding rather than to take the price. It looks as if the farmers had formed a combine to talk down the prices, but with the fine prospect for fall grass and with a fair crop of corn and other feed our farmers are in good shape to hold on for a time at least.

The Mt. Vernon Signal says: S. C. Franklin, who began the study of the culture of ginseng a year or two ago, after gathering all the information necessary from the principal growers throughout the country, has set about 35,000 plants, that are growing nicely. He uses artificial shade made of laths; dense shade being one of the principal features in its culture. He has also sold this season, several thousand plants to beginners in the business, some being shipped as far west as Missouri.

WALLACETON.

James Wallace sold a calf to Wm. Ralston for \$15.

Uncle Dave McCullum is about renting his farm to a Mr Ponder, and is thinking of moving to Berea.

Our farmers are busy cutting corn, sowing wheat. The corn crop is even lighter than was expected, being on an average only about a half crop.

The people of this community were honored (?) by visits from numerous candidates last week.

W. D. Smith, of Berea, attended church here Sunday. Hack Wilson, near Big Hill, was here Sunday with his best (?) girl. Mrs. Jane Foster, aged 85 years, and Mrs. Emily Murray, of Illinois, are visiting friends and relatives here after an absence of about 30 years.

Rev. J. L. Sturgell, the new pastor, failed to fill his appointment at the M. E. church here Sunday. Rev. M. J. Pasco, of Berea, occupied the pulpit, however, and preached one of his characteristic discourses so that, although the people were disappointed at not having Bro. Sturgill, they surely lost nothing of forceful, practical gospel truth.

Only a woman's first marriage is made in heaven; she arranges the second herself.

The world has seven wonders, but the average woman can wonder more than that in seven minutes.

ABOUT CLOAKS AND SUITS.

Never in the history of the trade has it been so difficult to get deliveries of desirable Cloaks and Suits. The unusual prosperity has made business good everywhere and the tailors cannot make garments fast enough. Another cause of delay is the growing demand for very long coats, which take twice the time to make that was required to turn out short jackets. Unable to get long coats as fast as we sold them we decided to make a

SECOND TRIP TO NEW YORK.

This we made last week and by "jolly" and bluffing we managed to secure the actual delivery of over 150 new 27 inch and 42 inch Coats and 60 inch Raglans. These are in all grades from \$7.50 to \$37.50 and are all new styles. We venture the assertion that there is not another such stock of up-to-date Coats and Raglans to be seen in Kentucky outside of Louisville and we guarantee our prices lower than anywhere.

TAILOR SUITS.

To get suits at once we made them give us from their samples enough to run us until our orders are filled. Their samples, for obvious reasons, are made the best they know how. We now have about 30 new styles in walking suits and long skirt suits, besides new lots of best sellers from our first-class stock.

WALKING SUITS.

The demand for these is enormous and we are doing our best to keep our stock up with the demand. We have just received about 50 new ones in every length from 38 to 43 inches long in a great variety of styles materials and prices.

NEW WAIST CLOTHS.

Persian striped and tucked wool waist cloths at 75c, 90c and \$1 yd. These were just out last week and we are the first to show them in Ky. Also new designs in embroidered waist patters in a box at \$3, 4, 4.50.

Also about 75 new designs in Eclipse Flannels at 15c.

NEW HATS.
